Uh oh -- I'm really feelin' down
Please tell me it'll be OK

Uh oh -- I'm lookin' all around
Ain't nobody sayin' hoo-ray

Tell me, who's spinning this tale?
-- we got ourselves a really big fail

Well now, we've come so many miles
With more than our share of denial

I know, we're hangin' by a thread...
so easily buried in this dread
With a very long road ahead
And echoes of hopes now dead

=====

CHANGING TIMES.... STUBBORN MINDS;
THE SPIRIT IS KIND; MAY IT HELP ME TO FIND
A PEACE THAT WON'T KEEP US CONFINED

=====

Uh oh -- our ship has run aground
I guess it's finally time to pray

Uh oh -- big promises abound
Some truth was lost along the way

Tell me, can we connect... if
we don't even try for respect?

Well now, what's it gonna be?
Seeds of anger or humanity?

I know, we need a new goal...
Find the sunshine that makes us grow
Say goodbye to the status quo
Set a course away from the shoals

=====

CHANGING TIMES.... STUBBORN MINDS;
THE SPIRIT IS KIND; MAY IT HELP ME TO FIND
A JOY THAT WON'T LEAVE US BEHIND

=====

Uh oh -- my head is spinnin' 'round
I gotta get outta this maze!

Uh oh -- there's nothin' to be found
In the ruins of those ugly days

Tell me --where do we start?
Are we coming together; or fallin' apart?

Well now --we've been here before
Only our hearts can win this war

I know, and I think you'd agree
There were things we could never see
And some that weren't meant to be
As we wonder who gets to be free

=====

CHANGING TIMES.... STUBBORN MINDS;
THE SPIRIT IS KIND; MAY IT HELP ME TO FIND
A PEACE THAT WON'T KEEP US CONFINED
A JOY THAT WON'T LEAVE US BEHIND
A LOVE THAT WON'T ONLY BE MINE
